Judges House, Lewes Road  
Laughton, East Sussex, BN8 6BN

Thursday 9<sup>th</sup> November 2023

FOR IMMEDIATE RELEASE

### Quorum Technologies Welcomes Rikki Douglas as Managing Director

Quorum Technologies is delighted to announce the appointment of Rikki Douglas as Managing Director.

Rikki has more than twenty years of commercial leadership experience in technology-based multi-stakeholder business environments. She began her career in 2002 as an Applications Engineer with an SME specialising in ionising radiation detection, and over the next decade progressed in various senior technical, sales and marketing, and company leadership positions. In 2012 Rikki joined Ultra Electronics' Nuclear Control Systems business, leading strategy, sales, and marketing. In 2018, she was appointed VP Sales and Marketing for Ultra's Energy business, then in 2021 she moved to Ultra's core Sonar business as VP Business Development, specialising in sonar systems for combat ships and submarines, with sites across the UK, Canada, and Australia.

Rikki holds an MPhys in Physics from Lancaster University, an MSc in Radiation and Environmental Protection from the University of Surrey, and an MBA from The Open University. She has enjoyed continued leadership development, having completed further study at Cambridge University in Business Sustainability Management, and an 18-month leadership programme at Duke University, North Carolina. She is passionate about STEM and ESG and is a strong advocate for DE&I in the workplace.

Rikki noted "I'm excited to join Quorum, to help build upon our strong foundations and to fulfill our potential in core markets, and beyond. I'm delighted to be joining the company leadership community within Judges Scientific and want to give a special thanks to Geoff Spink for his exceptional leadership as Managing Director at Quorum in the interim period."

From the team at Quorum Technologies, we would like to congratulate Rikki and wish her every success for the future!
